

Women's Services

Labor and Delivery Tour Schedule

August – December 2018 Schedule

We are providing weekly complimentary one hour guided tours of the Texas Health Huguley Women's Center for expectant parents and their family. We want to take the opportunity to share our compassion, promote healing and provide the community with a GREAT place to have a baby. The tour is designed to help reduce some of the stress about the physical environment of the hospital and the process of labor. Please join us as we start to explore the fantastic journey of your baby's birth.

Monday Tours: 4:00 – 5:00 pm | Sunday Tours: 3:00 – 4:00 pm | *Holiday week, class from 4:00 - 5:00 pm
